## **The Mozambique Gas & Energy Summit & Exhibition Impact**

### *Convening the global gas, LNG and new energies industry in Mozambique*

The 9<sup>th</sup> edition of the Mozambique Gas & Energy Summit & Exhibition will be taking place once again in Maputo from 25 – 27 February 2025. Themed '*Delivering Mozambique' Sustainable Energy Future*', the Summit will focus on the major gas and LNG projects in development as well as showcasing the critical thematic pillars announced by His Excellency President Filipe Nyusi, Hon. Carlos Zacarias, Minister of Mineral Resources and Energy, Hon. Akinwumi Adesina, President, AfDB and former Prime Minister of the United Kingdom Mr. Tony Blair during COP28UAE. Notably expanding clean energy capacity through hydroelectric projects and solar and wind installations; capitalize on green industrialisation through integrated projects around industrial corridors such as the Nacala corridor; scaling up programmes for universal energy access by 2030 through clean cooking solutions and solar mini-grids; promoting environmentally friendly transport, introducing electric vehicles, as well as increasing the use of gas-powered vehicles and promoting biofuels.

The Summit will convene global, regional and national stakeholders in the gas and LNG sector to attract investments, foster partnerships, turbocharge development and promote an inclusive sector through women empowerment, SME participation, youth and student engagement and community outreach.

## **The Mozambique Gas & Energy Summit & Exhibition Overview**

The Summit will platform a variety of engagement opportunities including:
